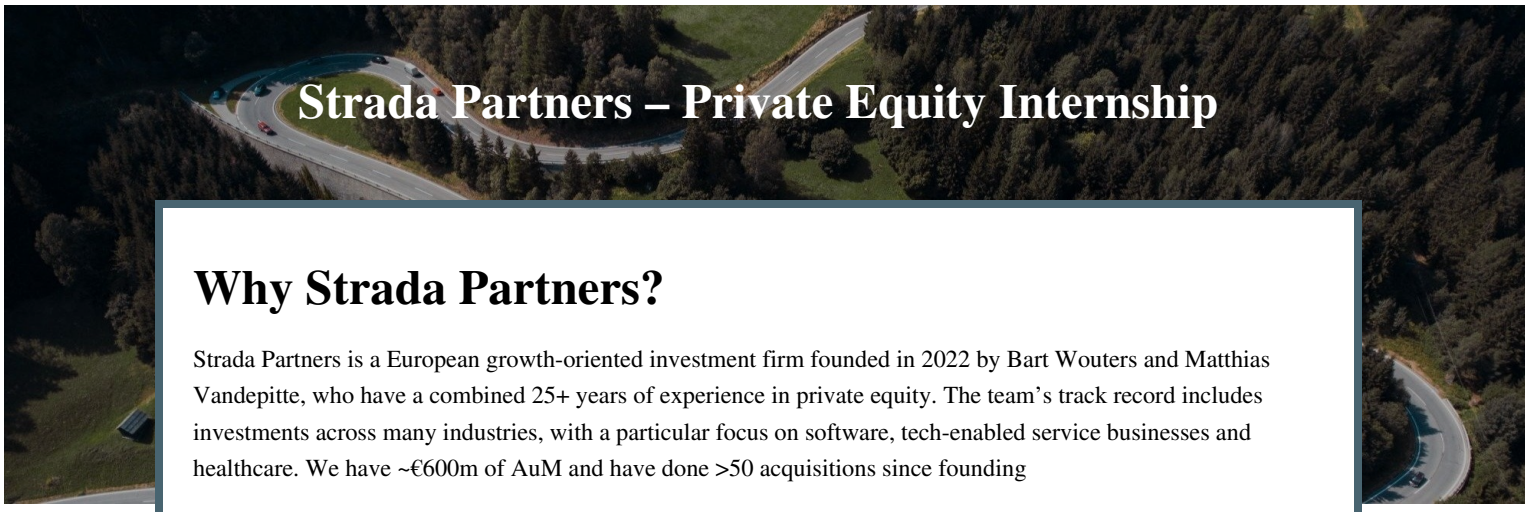
strada



Strada Partners – Private Equity Internship

Why Strada Partners?

Strada Partners is a European growth-oriented investment firm founded in 2022 by Bart Wouters and Matthias Vandepitte, who have a combined 25+ years of experience in private equity. The team's track record includes investments across many industries, with a particular focus on software, tech-enabled service businesses and healthcare. We have ~€600m of AuM and have done >50 acquisitions since founding

We aim to build a concentrated portfolio of investments we can support over the longer term and provide with the necessary tools to compound growth on a pan-European level. We typically invest €10-50M of capital per investment and currently have a portfolio of 15 platforms across Belgium, France, Italy and the UK

We provide patient capital, with impatience to succeed. We are not afraid of the road less travelled

What are we looking for?

- First-class business, economics, science or engineering degree
- Financial literacy with solid Microsoft Office skills (in particular Excel and Powerpoint)
- Problem solving skills
- Down-to-earth
- Entrepreneurial mindset, initiative-driven and curious
- Fluent in English. French / Dutch or German is a plus
- Prior internship experience in banking, strategy consulting or PE is a plus

What's in it for you?

- Hands-on experience in all aspects of Private Equity
    - Pro-active sourcing of potential investment opportunities through desktop research
    - Evaluating inbound deal flow
    - Supporting the investment decision making process through due diligence support, reference calls, market research, preparation of materials, etc.
    - Assisting with projects for our existing portfolio companies and broader community
    - Preparing internal presentations, fund presentations, etc.
- Fast-paced learning environment
- Working in small and entrepreneurial team, directly with the founding Partners
- Fun working environment in center of Antwerp, but investing across Europe
